Overview of 14999 Health Center Drive Suite 201 Bowie MD 20716

The address 14999 health center drive suite 201 bowie md 20716 represents a well-established healthcare facility located in Bowie, Maryland. This center is recognized for its commitment to delivering quality medical care through a team of experienced healthcare providers. It functions as a multi-specialty outpatient clinic, offering convenient access to various medical services within a single location. The facility emphasizes patient-centered care, combining advanced medical technology with compassionate service. As a part of the broader healthcare infrastructure in Prince George's County, it plays a key role in supporting community health and wellness.

Facility Features

The building at 14999 health center drive suite 201 bowie md 20716 is designed to accommodate a range of medical specialties and patient needs. It includes examination rooms, diagnostic equipment, administrative offices, and comfortable waiting areas. The layout supports efficient patient flow and privacy, essential for effective healthcare delivery. Additionally, the center maintains strict hygiene

and safety protocols to ensure a secure environment for patients and staff alike.

Healthcare Providers

A diverse group of licensed healthcare professionals operate at this location, including primary care physicians, specialists, nurse practitioners, and support staff. Their collective expertise covers many areas of medicine, enabling comprehensive diagnosis, treatment, and follow-up care. Collaboration among providers at 14999 health center drive suite 201 bowie md 20716 ensures that patients receive holistic and coordinated healthcare services tailored to their individual needs.

Healthcare Services Offered

The healthcare services available at 14999 health center drive suite 201 bowie md 20716 encompass a broad spectrum of medical care designed to meet the needs of the Bowie community. This includes preventive care, chronic disease management, diagnostic testing, and specialty consultations. The center is equipped to handle routine health screenings, immunizations, and health education to promote overall wellness.

Primary Care Services

Primary care forms the cornerstone of the medical services provided at 14999 health center drive suite 201 bowie md 20716. These services include physical exams, treatment of common illnesses, management of chronic conditions such as diabetes and hypertension, and health maintenance counseling. Primary care providers focus on building long-term relationships with patients to deliver continuous and personalized care.

Specialty Care

The center offers specialty services in areas such as cardiology, dermatology, endocrinology, and orthopedics. Patients requiring advanced diagnostic evaluations or specialized treatments can access expert care without needing to travel far. This integration of specialty care within the same facility enhances convenience and continuity for patients.

Diagnostic and Laboratory Services

On-site diagnostic capabilities at 14999 health center drive suite 201 bowie md 20716 include laboratory testing, imaging, and other essential assessments. These services allow for timely diagnosis and treatment planning, reducing wait times and improving patient outcomes. The presence of diagnostic services within the center supports efficient and coordinated medical care.

Location and Accessibility

The location of 14999 health center drive suite 201 bowie md 20716 in Bowie, Maryland, offers strategic advantages for patients in Prince George's County and surrounding areas. Situated within a well-developed healthcare corridor, the center is easily accessible by major roads and public transportation.

Transportation Options

Patients can reach the center via several transportation modes, including private vehicles, buses, and ride-sharing services. The availability of ample parking facilities at the site enhances convenience for those driving. Additionally, nearby bus stops connect the health center to the broader Bowie community and neighboring towns.

Proximity to Other Medical Facilities

14999 health center drive suite 201 bowie md 20716 is located near other key healthcare institutions, creating a network of medical resources. This proximity facilitates referrals, specialty consultations, and hospital admissions when necessary. The centralized location supports integrated care coordination and access to comprehensive health services.

Patient Experience and Facilities

Patient comfort and satisfaction are priorities at 14999 health center drive suite 201 bowie md 20716. The facility is designed to provide a welcoming atmosphere that promotes healing and well-being. Staff members are trained to support patients through every step of their healthcare journey.

Appointment Scheduling and Wait Times

The health center implements efficient appointment scheduling systems to minimize wait times and enhance patient convenience. Options for scheduling include phone and online platforms, allowing patients to select appointments that fit their schedules. Efforts to reduce wait times contribute to a positive patient experience.

Patient Support Services

Support services at the center include patient education, counseling, and assistance with health insurance navigation. These services empower patients to make informed decisions about their treatment and manage their health effectively. The center also offers language interpretation services to accommodate diverse populations.

- Comfortable and accessible facility design

- Patient-centered care approach
- Comprehensive support services
- Efficient appointment and follow-up systems

Insurance and Payment Options

14999 health center drive suite 201 bowie md 20716 accepts a wide range of insurance plans to accommodate diverse patient needs. The administrative team works closely with patients to clarify coverage details and payment responsibilities. Understanding insurance and payment options is critical for accessing care without financial barriers.

Accepted Insurance Plans

The center accepts major commercial insurance providers, Medicare, and Medicaid programs. This broad acceptance ensures that most patients can receive care under their existing health plans. Verification of insurance eligibility is conducted prior to appointments to facilitate smooth billing processes.

Financial Assistance and Payment Plans

For uninsured patients or those facing financial challenges, the health center offers assistance programs and flexible payment plans. These options are designed to reduce the cost burden and make healthcare accessible to all community members. Patients are encouraged to discuss financial concerns with the billing office to explore available support.

Community Impact and Health Programs

Beyond clinical services, 14999 health center drive suite 201 bowie md 20716 actively contributes to community health through outreach and education programs. These initiatives aim to improve public health awareness, prevent disease, and promote healthy lifestyles across Bowie and surrounding areas.

Health Education Workshops

The center hosts regular workshops and seminars covering topics such as nutrition, chronic disease prevention, mental health, and wellness strategies. These programs provide valuable information and resources to empower residents in managing their health proactively.

Community Health Screenings

Periodic health screening events organized by the center help identify health risks early and facilitate timely intervention. Screenings for blood pressure, cholesterol, diabetes, and other conditions are offered at no or low cost to encourage participation from all community members.

1. Engagement in community-based health initiatives
2. Promotion of preventive care and wellness programs
3. Collaboration with local organizations and agencies
