- Location and Accessibility
- Business Environment at 1659 Sauget Business Blvd
- Infrastructure and Facilities
- Economic Impact and Opportunities
- Nearby Amenities and Services

Location and Accessibility

Situated in Sauget, Illinois, 1659 Sauget Business Blvd benefits from a prime location within the Greater St. Louis metropolitan area. Sauget is strategically positioned along the Mississippi River, providing direct access to waterway transportation. This geographical advantage enhances the appeal of 1659 Sauget Business Blvd as a key site for companies involved in shipping, receiving, and distribution activities.

Proximity to Major Transportation Networks

1659 Sauget Business Blvd Sauget IL is conveniently close to several major highways and rail lines. Interstate 55 and Interstate 270 are within easy reach, facilitating efficient overland transportation for goods and personnel. Additionally, the presence of nearby rail yards allows businesses at this location to leverage freight rail services, reducing logistics costs and transit times.

Access to River Ports

The Mississippi River's proximity offers direct access to port facilities, enabling businesses located at 1659 Sauget Business Blvd to engage in barge transportation. This multimodal connectivity is a significant factor for industries requiring bulk shipping and receiving, such as chemical manufacturing, agriculture, and heavy industry.

Business Environment at 1659 Sauget Business Blvd

The business landscape surrounding 1659 Sauget Business Blvd is characterized by a strong industrial presence, with companies involved in manufacturing, logistics, and warehousing. The site caters to diverse business needs, supported by local government initiatives aimed at fostering economic growth and attracting investment.

Industrial and Commercial Tenants

Several businesses operate at or near 1659 Sauget Business Blvd, ranging from small enterprises to large industrial firms. These tenants benefit from the site's infrastructure and access to transportation networks, which help optimize supply chain operations and reduce operational costs.
