

16800 science dr bowie md 20715

16800 science dr bowie md 20715 is a notable address located in Bowie, Maryland, known for its strategic importance in the local scientific and technological landscape. This location serves as a hub for various institutions and businesses dedicated to innovation, research, and development. Situated in the heart of Prince George's County, 16800 Science Drive is easily accessible and surrounded by a vibrant community that supports educational and professional growth. The area combines modern infrastructure with a focus on science and technology, making it an attractive destination for professionals and organizations alike. This article explores the significance of 16800 Science Dr Bowie MD 20715, its local amenities, transportation options, nearby businesses, and the overall impact on the Bowie community. The following sections provide a detailed overview to better understand this important location.

- Location and Accessibility of 16800 Science Dr Bowie MD 20715
- Key Businesses and Institutions at 16800 Science Dr
- Local Amenities and Community Facilities
- Transportation and Commuting Options
- Economic and Development Impact in Bowie, MD

Location and Accessibility of 16800 Science Dr Bowie MD 20715

16800 Science Dr Bowie MD 20715 is situated in a prime area within the city of Bowie, Maryland. This address is strategically positioned near major highways and public transit routes, making it highly accessible for employees, visitors, and clients. The proximity to Washington, D.C., and Baltimore enhances its appeal as a business and research location, connecting it efficiently to larger metropolitan hubs.

Geographical Context

The address is located in Prince George's County, an area known for its blend of residential neighborhoods and commercial zones. Bowie itself is one of Maryland's largest cities, offering a balanced mix of suburban tranquility and urban amenities. The location benefits from a well-planned road network and close proximity to I-495 (Capital Beltway) and U.S. Route 50, which facilitate regional connectivity.

Accessibility Features

Accessibility to 16800 Science Dr is supported by multiple transportation options including:

- Close access to major highways such as I-495 and Route 50
- Nearby bus routes operated by the Washington Metropolitan Area Transit Authority (WMATA)
- Availability of parking facilities for cars and bicycles
- Pedestrian-friendly sidewalks and pathways

This combination makes commuting to and from 16800 Science Dr convenient for daily travelers and business visitors.

Key Businesses and Institutions at 16800 Science Dr

16800 Science Dr Bowie MD 20715 hosts a variety of businesses and organizations primarily focused on scientific research, technology, and professional services. The address is recognized for its role in fostering innovation and collaboration among local enterprises.

Research and Technology Firms

Several research-oriented firms have established a presence at this address, leveraging the location's facilities for product development, scientific experimentation, and data analysis. These companies contribute significantly to the technological advancement of the region.

Professional Services and Support

In addition to research firms, the site is home to professional service providers including consulting agencies, legal firms specializing in intellectual property, and business support services. These entities provide essential support to science and technology businesses operating within the same vicinity.

Business Incubators and Innovation Centers

16800 Science Dr also accommodates innovation centers and business incubators that nurture startups and emerging companies. These hubs provide resources such as mentorship, networking opportunities, and access to funding, playing a critical role in the local economic ecosystem.

Local Amenities and Community Facilities

The area surrounding 16800 Science Dr Bowie MD 20715 is equipped with a range of amenities that

enhance the work-life balance for professionals and residents. These facilities support a thriving community atmosphere conducive to productivity and well-being.

Educational Institutions

Nearby educational institutions include several public and private schools, as well as higher education facilities offering programs in science, technology, engineering, and mathematics (STEM). These institutions contribute to a steady pipeline of skilled talent in the region.

Healthcare Services

Access to quality healthcare is facilitated by medical centers and clinics within a short distance of 16800 Science Dr. These services ensure that employees and residents have prompt access to health and wellness resources.

Recreational and Dining Options

The vicinity features numerous parks, fitness centers, and dining establishments ranging from casual eateries to fine dining. These options provide opportunities for relaxation and social engagement during breaks or after work hours.

List of Notable Amenities Near 16800 Science Dr Bowie MD 20715

- Bowie Town Center – Shopping and dining complex
- Allen Pond Park – Recreational park with trails and sports facilities
- Local gyms and wellness centers
- Public libraries and community centers
- Various cafes and restaurants catering to diverse tastes

Transportation and Commuting Options

Transportation infrastructure is a key factor contributing to the viability of 16800 Science Dr Bowie MD 20715 as a business location. It supports efficient commuting and logistics for employees, clients, and suppliers.

Public Transit Availability

Public transportation options include bus services provided by WMATA and regional transit authorities. These routes connect 16800 Science Dr with major transit hubs, including metro stations that link to Washington, D.C., and other surrounding areas.

Road Network and Parking

The site benefits from its proximity to major highways such as the Capital Beltway (I-495) and Route 50, providing convenient access for automobile commuters. Onsite parking facilities accommodate employees and visitors, reducing transit-related stress.

Alternative Transportation

Efforts to promote sustainable transportation are evident through the availability of bike lanes and pedestrian walkways. Carpooling and shuttle services may also be facilitated by organizations operating within the area to support eco-friendly commuting.

Economic and Development Impact in Bowie, MD

16800 Science Dr Bowie MD 20715 plays a significant role in the economic development of Bowie and the surrounding Prince George's County. The address is a center of activity that drives innovation, job creation, and community growth.

Job Creation and Employment Opportunities

The businesses and institutions at this location provide a broad range of employment opportunities across various sectors including science, technology, administration, and support services. This contributes to lowering unemployment rates and enhancing local economic stability.

Attraction of Investment and Partnerships

The site attracts investment from both public and private sectors, fostering partnerships that lead to new projects and expansions. This influx of capital supports infrastructure improvements and elevates Bowie's profile as a hub for scientific progress.

Community Development Initiatives

Collaboration between businesses at 16800 Science Dr and local government has resulted in community development programs aimed at improving education, workforce training, and public services. These initiatives strengthen the social fabric and promote sustainable growth.

Frequently Asked Questions

What is located at 16800 Science Dr, Bowie, MD 20715?

16800 Science Dr, Bowie, MD 20715 is a commercial property that houses various businesses and research facilities within the Bowie area.

Are there any science or technology companies at 16800 Science Dr, Bowie, MD 20715?

Yes, 16800 Science Dr in Bowie, MD is known to host several science and technology companies, contributing to the local innovation and business environment.

How can I get to 16800 Science Dr, Bowie, MD 20715 using public transportation?

You can reach 16800 Science Dr in Bowie, MD by using local bus services operated by the Washington Metropolitan Area Transit Authority (WMATA), with nearby stops accessible from major routes in Bowie.

Is 16800 Science Dr, Bowie, MD 20715 close to any major highways or transportation hubs?

Yes, 16800 Science Dr is conveniently located near major highways such as US Route 301 and the Capital Beltway (I-495), providing easy access to the broader Maryland and Washington, D.C. areas.

Are there dining and accommodation options near 16800 Science Dr, Bowie, MD 20715?

Yes, the area surrounding 16800 Science Dr in Bowie offers a variety of dining options and hotels suitable for visitors and business travelers.

What kind of research or scientific activities are conducted at 16800 Science Dr, Bowie, MD 20715?

16800 Science Dr houses companies and organizations involved in various scientific and technological research activities, including biotechnology, environmental sciences, and information technology.

Additional Resources

1. Exploring the Frontiers of Science at 16800 Science Dr, Bowie, MD

This book delves into the groundbreaking scientific research conducted at the facilities located at 16800 Science Dr in Bowie, Maryland. It highlights key projects and innovations in biotechnology, environmental science, and engineering. Readers gain insight into how this location serves as a hub for scientific collaboration and technological advancement.

2. Biotechnology Innovations from Bowie: A Closer Look at 16800 Science Dr

Focusing on the biotechnology sector, this book explores the cutting-edge developments emerging from Bowie's science district. It profiles prominent scientists and startups working at 16800 Science Dr and discusses how their research impacts healthcare and agriculture. The book also covers the integration of AI and machine learning in biotech research.

3. Environmental Science Breakthroughs in Bowie, Maryland

This volume examines the environmental research conducted at Bowie's science campus, emphasizing sustainable practices and climate studies. It showcases efforts to address local and global environmental challenges through innovative technology. The book highlights collaborations between scientists, government agencies, and community organizations.

4. Engineering Excellence: Advances from 16800 Science Dr

Highlighting engineering feats, this book presents the latest developments in materials science, robotics, and infrastructure research originating from Bowie's scientific community. It provides an overview of projects that have led to improvements in manufacturing and urban development. The book also explores the role of interdisciplinary research at this location.

5. The Role of Science Parks in Innovation: Case Study of Bowie, MD

This book investigates how science parks like the one at 16800 Science Dr foster innovation and economic growth. It discusses the infrastructure, collaboration opportunities, and resources available to researchers and entrepreneurs. Through case studies, readers learn about successful startups and impactful scientific discoveries.

6. Healthcare Technology Advancements at Bowie's Research Hub

Focusing on medical technology, this book details the development of new diagnostic tools, treatments, and health monitoring systems at 16800 Science Dr. It explores partnerships between research institutions and healthcare providers aimed at improving patient outcomes. The narrative also covers regulatory and ethical considerations in medical research.

7. Data Science and Artificial Intelligence in Bowie's Scientific Community

This book explores the integration of data science and AI in research initiatives at Bowie's science district. It highlights projects that utilize big data analytics to solve complex scientific problems across various disciplines. Readers gain an understanding of how AI is transforming research methodologies and accelerating discovery.

8. Collaborative Research Models: Insights from 16800 Science Dr

Examining collaboration in science, this book showcases how interdisciplinary teams at Bowie come together to tackle challenging problems. It discusses the organizational structures and funding mechanisms that support joint research efforts. The book includes interviews with scientists who share their experiences and success stories.

9. Science Education and Outreach Programs in Bowie, Maryland

This book highlights initiatives aimed at engaging the public and inspiring future scientists through education and outreach at 16800 Science Dr. It covers programs designed for students, educators, and community members to promote scientific literacy. The narrative emphasizes the importance of connecting research with society and fostering a culture of curiosity.
