Overview of 17392 W 13 Mile Rd Beaumont Beverly Hills Internal Medicine

Located in a convenient and accessible area, 17392 w 13 mile rd beaumont beverly hills internal medicine serves as a cornerstone for adult medical care. This internal medicine practice specializes in comprehensive healthcare for adults, focusing on prevention, diagnosis, and management of diseases. The facility is equipped with modern medical technology and staffed by highly trained professionals committed to delivering quality healthcare services. The practice accommodates both routine health maintenance and complex chronic condition management, ensuring patients receive continuous and holistic care. Its strategic location in Beaumont and Beverly Hills makes it a preferred choice for residents seeking expert internal medicine services in a comfortable and professional environment.

Medical Services Provided

The array of medical services at 17392 w 13 mile rd beaumont beverly hills internal medicine covers a broad spectrum of adult healthcare needs. The practice prioritizes preventive care, chronic disease management, and acute illness treatment to support overall patient well-being.

Preventive Health Screenings

Preventive screenings are essential in detecting health issues before they develop into serious conditions. The internal medicine specialists at this location offer routine health screenings including blood pressure monitoring, cholesterol testing, diabetes screening, cancer screenings, and vaccination updates. These services help in identifying risk factors early and implementing timely interventions.

Chronic Disease Management

Managing chronic illnesses such as diabetes, hypertension, heart disease, and asthma is a critical component of care at 17392 w 13 mile rd beaumont beverly hills internal medicine. The team collaborates with patients to design personalized treatment plans that emphasize medication adherence, lifestyle modifications, and regular monitoring to optimize health outcomes.

Acute Care Services

The practice also provides diagnosis and treatment for acute conditions such as infections, respiratory illnesses, and minor injuries. Prompt and effective acute care ensures that patients receive appropriate medical attention without delay, reducing complications and promoting faster recovery.

Additional Services

- Comprehensive physical examinations
- Medication management and review
- Nutritional counseling and weight management
- Health education and lifestyle coaching
- Referral services to specialists when necessary

Expertise of the Healthcare Team

The success of 17392 w 13 mile rd beaumont beverly hills internal medicine is largely attributed to its team of experienced and board-certified internal medicine physicians and support staff. Their knowledge and skills ensure high standards of medical care and patient safety.

Board-Certified Physicians

The physicians practicing at this location hold board certifications in internal medicine, reflecting rigorous training and demonstrated expertise in adult healthcare. They continually update their knowledge through continuing medical education to stay current with medical advancements and best practices.

Multidisciplinary Support Staff

Beyond the physicians, the clinical team includes nurse practitioners, physician assistants, registered nurses, and medical assistants. This multidisciplinary approach allows the practice to provide comprehensive care coordination and patient support, enhancing the overall healthcare experience.

Commitment to Quality Care

All staff members at 17392 w 13 mile rd beaumont beverly hills internal medicine adhere to strict clinical protocols and quality assurance measures. This commitment ensures that patients receive evidence-based treatments and that their safety and comfort are prioritized throughout their care journey.

Patient-Centered Care Approach

A defining feature of 17392 w 13 mile rd beaumont beverly hills internal medicine is its emphasis on patient-centered care. This approach focuses on personalized treatment, open communication, and patient education to empower individuals in managing their health effectively.

Personalized Treatment Plans

Recognizing that each patient has unique health needs and concerns, the medical team develops individualized care plans. These plans consider medical history, lifestyle factors, and patient preferences to optimize treatment effectiveness and satisfaction.

Effective Communication

Clear and compassionate communication is fundamental at this practice. Physicians and staff take time to explain diagnoses, treatment options, and preventive strategies in an understandable manner, encouraging patients to actively participate in their healthcare decisions.

Patient Education and Support

Educating patients about their conditions and health maintenance strategies is integral to the practice's philosophy. Educational materials, counseling sessions, and follow-up care instructions help patients adopt healthier behaviors and adhere to prescribed therapies.

Accessing Care and Appointment Information

Access to quality internal medicine services at 17392 w 13 mile rd beaumont beverly hills internal medicine is designed to be convenient and straightforward. The practice offers flexible scheduling options and comprehensive patient support to facilitate timely care.

Scheduling an Appointment

Patients can schedule appointments by contacting the office directly during business hours. The practice accommodates new and established patients, offering consultations for routine check-ups, chronic disease management, and urgent medical concerns. Early booking is encouraged to secure preferred appointment times.

Insurance and Payment Options

17392 w 13 mile rd beaumont beverly hills internal medicine accepts a variety of insurance plans, including major commercial insurers and Medicare. The billing staff assists patients with insurance verification, claims processing, and payment plans if necessary, ensuring a smooth administrative experience.
