This location serves as a hub for various corporate offices, technology firms, and innovation centers, making it a key destination for professionals and businesses alike. With its proximity to major highways and accessibility to Boston and surrounding areas, 200 Technology Center Drive offers both convenience and a thriving work environment. This article provides a comprehensive overview of 200 Technology Center Drive in Stoughton, MA 02072, including its location attributes, business environment, amenities, and transportation options. Readers will gain insight into why this address is significant for companies and employees in the region and what services and facilities it offers. The following sections outline the main aspects related to this address for a detailed understanding.

- Location and Accessibility
- Business and Economic Significance
- Facilities and Amenities
- Transportation and Commuting Options
- Nearby Services and Community Features

## Location and Accessibility

The address 200 Technology Center Drive Stoughton MA 02072 is situated within the vibrant town of Stoughton, Massachusetts. Stoughton is part of Norfolk County and is located approximately 17 miles south of downtown Boston, making it an advantageous location for businesses seeking proximity to a metropolitan area without the high costs associated with city centers.

## Geographical Position

This site is positioned in a well-developed business park area known as the Technology Center Drive complex. The setting provides a mix of commercial office spaces and technology-focused enterprises. The surrounding environment is characterized by modern infrastructure, landscaped grounds, and professional business facilities, contributing to an attractive corporate atmosphere.

## **Accessibility by Road**

One of the significant advantages of 200 Technology Center Drive is its excellent road access. The property is conveniently located near Route 24, a major highway that connects the area to Boston and other parts of southeastern Massachusetts. Additionally, Routes 139 and 27 offer alternative routes to neighboring towns and commercial hubs.

## **Business and Economic Significance**

200 Technology Center Drive Stoughton MA 02072 serves as a critical location for various businesses, particularly those in the technology sector. The address hosts companies that range from startups to established enterprises, contributing to the economic vitality of Stoughton and the greater Boston region.

## **Technology and Innovation Hub**

The Technology Center Drive area is recognized for fostering innovation and technological development. Many tenants operate within fields such as software development, biotechnology, information technology services, and research and development. This concentration of tech companies encourages collaboration and growth within the business community.

## **Economic Impact on Stoughton**

Businesses located at 200 Technology Center Drive contribute significantly to the local economy through job creation and commercial activity. The presence of these companies attracts skilled professionals, supports ancillary service providers, and contributes to the tax base, enabling community improvements and public services.

## **Facilities and Amenities**

Facilities at 200 Technology Center Drive are designed to support the needs of businesses and their employees. The site offers a range of amenities that enhance the work environment and provide convenience.

## **Office Spaces and Infrastructure**

The buildings within the Technology Center Drive complex provide modern office spaces equipped with high-speed internet, conference rooms, and flexible layouts to accommodate different business sizes and needs. The infrastructure supports advanced technological requirements, ensuring reliable connectivity and power supply.

## **Onsite Amenities**

Employees and visitors benefit from several onsite amenities, including:

- Ample parking facilities with easy access to entrances
- Onsite cafeterias and dining options
- Fitness centers and wellness rooms
- Outdoor seating areas and green spaces
- Security services and 24/7 building access

## **Transportation and Commuting Options**

Convenient transportation options make 200 Technology Center Drive accessible for both local and regional commuters. The address supports various modes of transportation, facilitating ease of access for employees and visitors.

## **Public Transit Availability**

The site is served by regional bus routes connecting Stoughton to nearby towns and transit hubs. The MBTA commuter rail station in Stoughton provides direct rail service to Boston, making it a practical option for those commuting from urban areas.

## **Parking and Vehicle Access**

For those traveling by car, the location offers extensive parking options, including reserved spaces and visitor parking. The proximity to major highways ensures smooth vehicle access and reduces commute times for drivers coming from different directions.

## **Nearby Services and Community Features**

The area surrounding 200 Technology Center Drive includes a variety of services and community features that support the workforce and enhance the quality of life for employees.

## **Local Dining and Retail**

Several dining establishments, coffee shops, and retail outlets are located within a short distance, providing convenient options for lunch breaks and after-work activities. These

businesses cater to diverse tastes and preferences, contributing to a vibrant local economy.

## **Community and Recreational Facilities**

Stoughton offers parks, recreational centers, and cultural venues that provide opportunities for relaxation and community engagement. These amenities are valuable for employees seeking work-life balance and contribute to overall employee satisfaction.

## **Educational and Professional Development**

The proximity to educational institutions and professional training centers supports ongoing learning and skill development for workers at 200 Technology Center Drive. This accessibility is important for companies focused on innovation and workforce advancement.
