Key Ingredients and Their Benefits

The effectiveness of the Crabtree and Evelyn hand therapy gift set lies in its thoughtfully selected ingredients. These botanical components provide hydration, antioxidant protection, and skin barrier repair.

Shea Butter and Cocoa Butter

Both shea butter and cocoa butter are rich emollients that deeply moisturize and soften the skin. They create a protective layer to lock in hydration, which is essential for combating dryness and roughness.

Aloe Vera and Calendula Extracts

Aloe vera soothes irritation and reduces inflammation, while calendula extract promotes skin healing. These natural ingredients contribute to calming sensitive or damaged skin.

Essential Oils and Fragrances

Crabtree and Evelyn incorporate essential oils such as lavender, rosemary, and bergamot to provide a refreshing aroma and additional therapeutic benefits. These oils not only improve the sensory experience but also have mild antiseptic and antioxidant properties.

Vitamins and Antioxidants

Vitamins E and C are commonly included to protect the skin from environmental damage and support collagen production. Antioxidants help reduce oxidative stress, which can accelerate skin aging.
