Services Offered at Each Location

Each Cremation Society of Illinois location offers a consistent range of services designed to meet the needs of families seeking affordable and respectful cremation options. These services are structured to provide flexibility, allowing families to choose the level of service that best suits their needs and budgets.

Direct Cremation

Direct cremation is the core service offered at all locations. This method involves the cremation of the deceased without a traditional funeral service or viewing, which significantly reduces costs and simplifies the arrangement process. Direct cremation is ideal for families seeking a straightforward and dignified approach.

Memorial Services

While direct cremation is the standard offering, the society also supports families who wish to hold memorial services either at the location or at a venue of their choice. These services provide an opportunity for family and friends to celebrate the life of the deceased in a more personalized setting.

Pre-Planning Services

Many locations offer pre-planning consultations, allowing individuals to make arrangements in advance. Pre-planning helps lock in current prices and ensures that personal wishes are clearly documented, alleviating future burdens on surviving family members.

Additional Support and Documentation

The Cremation Society assists with necessary paperwork, including death certificates and permits, to ensure legal compliance and smooth processing. Staff members guide families through these requirements to minimize stress during difficult times.
