- Location and Accessibility
- Insurance and Admission Process

Overview of Crestmoor Health and Rehabilitation Center

The Crestmoor Health and Rehabilitation Center is a specialized healthcare facility focused on helping patients regain strength and function following acute medical events. It serves individuals recovering from surgeries, strokes, orthopedic injuries, and other complex medical conditions. The center prioritizes a holistic approach to rehabilitation, incorporating medical care with therapeutic services to foster comprehensive recovery. Emphasizing quality and safety, Crestmoor adheres to rigorous standards to ensure effective patient outcomes and satisfaction.

Mission and Vision

The mission of Crestmoor Health and Rehabilitation Center is to provide compassionate, high-quality rehabilitation services tailored to each patient's unique needs. The vision centers on becoming a leader in post-acute care by integrating innovative therapies and fostering a supportive healing environment. This dedication ensures that patients receive the best possible care to improve their

independence and quality of life.

Types of Patients Served

Crestmoor Health and Rehabilitation Center caters to a diverse patient population including elderly individuals requiring skilled nursing care, patients recovering from joint replacements, neurological conditions, cardiac events, and those needing specialized wound care. The facility supports both short-term rehabilitation stays and longer-term care, adapting to the evolving needs of its residents.

Comprehensive Rehabilitation Services

The center offers a broad spectrum of rehabilitation services designed to address physical, cognitive, and functional impairments. These services are tailored to accelerate recovery and maximize patient independence through evidence-based treatment protocols.

Physical Therapy

Physical therapy at Crestmoor focuses on improving mobility, strength, and balance. Therapists develop individualized exercise regimens to restore movement and reduce pain. Advanced equipment and techniques are utilized to enhance rehabilitation outcomes.

Occupational Therapy

Occupational therapy aims to help patients regain the ability to perform daily activities such as dressing, cooking, and personal hygiene. Therapists work closely with patients to develop adaptive strategies and use assistive devices when necessary.

Speech and Language Therapy

Speech therapists assist patients with communication disorders, swallowing difficulties, and cognitive-communication impairments. Therapy sessions are designed to improve speech clarity, language comprehension, and safe swallowing techniques.

Additional Specialized Therapies

Crestmoor Health and Rehabilitation Center also provides respiratory therapy, pain management, and wound care services. These specialized treatments support complex patient needs and enhance overall rehabilitation progress.

Patient-Centered Care Approach

A core principle at Crestmoor Health and Rehabilitation Center is the focus on individualized patient care. The center emphasizes collaboration among patients, families, and healthcare providers to develop customized treatment plans that reflect personal goals and preferences.

Personalized Care Plans

Each patient undergoes a thorough assessment upon admission to identify medical, functional, and psychosocial needs. Based on this evaluation, multidisciplinary teams establish targeted rehabilitation goals and regularly adjust care plans to reflect progress and evolving requirements.

Family Involvement

Family members are encouraged to participate in care discussions and therapy sessions. Involving loved ones enhances emotional support and facilitates smoother transitions from the facility back to home or community settings.

Emphasis on Safety and Comfort

Patient safety is paramount at Crestmoor. The center implements strict infection control protocols and provides a secure environment designed to prevent falls and other incidents. Comfortable accommodations and supportive staff contribute to a positive healing atmosphere.

Facility Features and Amenities

Crestmoor Health and Rehabilitation Center is equipped with modern facilities and amenities that promote therapeutic success and resident comfort. The environment is designed to be both functional and welcoming.

Therapy Gym and Equipment

The therapy gym includes advanced exercise machines, balance training tools, and mobility aids. This well-equipped space allows therapists to deliver comprehensive rehabilitation programs effectively.

Private and Semi-Private Rooms

Residents have access to clean, comfortable private or semi-private rooms tailored to their preferences. Rooms are designed to support rest and recovery, featuring adjustable beds, accessible bathrooms, and personal storage.

Common Areas and Outdoor Spaces

Shared areas provide opportunities for socialization and recreational activities. Outdoor gardens and walking paths encourage physical activity and relaxation in a serene setting.

Dining and Nutrition Services

The facility offers nutritious meal options prepared to meet individual dietary needs and preferences. Specialized diets are available for patients with specific medical conditions or restrictions.

Staff Expertise and Multidisciplinary Team

The quality of care at Crestmoor Health and Rehabilitation Center is driven by a highly skilled and dedicated team of healthcare professionals. The multidisciplinary approach fosters comprehensive treatment addressing all aspects of patient recovery.

Medical and Nursing Staff

Physicians, nurses, and nurse practitioners provide continuous medical oversight and skilled nursing care. They monitor patient progress, manage medications, and coordinate care interventions.

Therapists and Rehabilitation Specialists

Licensed physical, occupational, and speech therapists deliver specialized rehabilitation services. Their expertise ensures that therapy plans are effective and adaptive to patient needs.

Support Staff and Caregivers

Certified nursing assistants, dietary staff, social workers, and recreational therapists contribute to holistic care. Their roles support daily living activities, emotional well-being, and social engagement.

Location and Accessibility

Crestmoor Health and Rehabilitation Center is conveniently located to serve patients and families within the surrounding community. Accessibility and ease of transportation are important considerations for residents and visitors alike.

Geographic Location

The center is situated in a community-friendly area with proximity to hospitals, outpatient clinics, and other healthcare resources. This location facilitates smooth transitions of care and access to

specialized medical services when needed.

Transportation Options

Public transportation routes and ample parking facilities support visitor access. The center also coordinates transportation services for patients requiring assistance traveling to and from appointments.

Insurance and Admission Process

Crestmoor Health and Rehabilitation Center accepts a variety of insurance plans and offers clear guidance on the admission process. Understanding these details helps prospective patients and families plan for care effectively.

Accepted Insurance Plans

The facility works with Medicare, Medicaid, and numerous private insurance providers. Financial counselors assist patients in verifying coverage and understanding benefits related to rehabilitation services.

Admission Criteria and Procedures

Admission involves an initial evaluation by medical staff to determine appropriateness for rehabilitation services. The process includes documentation review, care planning, and orientation to facility policies and amenities.

Discharge Planning

Discharge planning begins early in the care process to ensure a smooth transition back to home or other care settings. The team coordinates follow-up care, equipment needs, and community resources to support ongoing recovery.

- Individualized rehabilitation programs
- Multidisciplinary healthcare team
- State-of-the-art therapy equipment
- Comfortable patient accommodations
- Comprehensive insurance support
