Overview of Franciscan Women's Health Associates Burien

Franciscan Women's Health Associates Burien is a specialized healthcare provider focused on delivering high-quality obstetric and gynecologic care to women in the Burien community and surrounding areas. The practice emphasizes a holistic approach, integrating the latest medical advancements with compassionate, patient-centered care. Their mission is to empower women through education, preventive care, and treatment options tailored to individual needs. The clinic is part of the larger Franciscan Health System, which is known for its commitment to excellence and innovation in healthcare.

Location and Accessibility

Conveniently located in Burien, Washington, the clinic is easily accessible by public transportation and offers ample parking for patients. The facility is designed to be welcoming and comfortable, ensuring ease of access for women of all ages and backgrounds. Accessibility features include wheelchair access and accommodations for patients with special needs, reflecting the practice's dedication to inclusive care.

Mission and Values

The core mission of Franciscan Women's Health Associates Burien centers on providing compassionate, comprehensive care that respects the dignity and individuality of every patient. The practice values integrity, respect, and excellence, striving to create a supportive environment where women feel heard and empowered to make informed decisions about their health.

Comprehensive Women's Health Services

Franciscan Women's Health Associates Burien offers a broad spectrum of women's health services, covering preventive, diagnostic, and therapeutic care. Their multidisciplinary approach ensures that patients receive personalized treatment plans that address their unique health concerns.

Obstetric Care

The obstetric services include prenatal care, labor and delivery support, and postpartum care. The team closely monitors the health of both mother and baby throughout pregnancy, utilizing state-of-the-art technology to ensure optimal outcomes. High-risk pregnancy management is also available for women requiring specialized attention.

Gynecologic Care

Gynecologic services at Franciscan Women's Health Associates Burien encompass routine exams, Pap smears, contraceptive counseling, and management of menstrual disorders. They also provide treatment for conditions such as endometriosis, fibroids, and pelvic pain. Minimally invasive surgical options are offered for eligible patients to reduce recovery time and improve results.

Reproductive and Fertility Services

The practice supports women facing fertility challenges by offering diagnostic evaluations and personalized fertility treatment options. This includes hormone therapy, ovulation induction, and referrals for advanced reproductive technologies when necessary.

Menopause and Hormone Therapy

Comprehensive care during menopause is provided to manage symptoms such as hot flashes, mood changes, and bone health. The team offers individualized hormone replacement therapy plans, along with lifestyle guidance and preventive screenings to enhance quality of life during this transition.

Preventive Health and Screenings

Preventive services are a cornerstone of care, including routine screenings for breast and cervical cancer, bone density testing, and cardiovascular risk assessments. Patient education on lifestyle

modification and disease prevention is integral to the practice's approach.

- Pap smears and HPV testing
- Mammograms and breast exams
- Bone density scans
- Sexually transmitted infection (STI) testing
- Immunizations relevant to women's health

Expert Medical Team and Credentials

The medical professionals at Franciscan Women's Health Associates Burien are highly trained and board-certified in obstetrics and gynecology. Their expertise covers a wide range of women's health issues, ensuring that patients receive the most current and effective treatments available.

Physicians and Specialists

The team includes experienced OB-GYN physicians who have completed rigorous training in women's health and reproductive medicine. Many hold additional certifications in areas such as maternal-fetal medicine and minimally invasive gynecologic surgery. This diverse expertise allows the practice to address complex cases with confidence and skill.

Nurse Practitioners and Support Staff

Supporting the physicians are nurse practitioners and medical staff who provide patient education, assist with clinical procedures, and coordinate care. Their role is critical in ensuring seamless communication and comprehensive support throughout the patient's healthcare journey.

Patient Experience and Facilities

Franciscan Women's Health Associates Burien prioritizes a patient-centered environment designed to make every visit comfortable and efficient. The clinic's facilities are modern, equipped with the latest diagnostic tools and technologies to support accurate assessments and treatments.

Appointment Scheduling and Accessibility

The practice offers flexible scheduling options, including same-day appointments for urgent concerns. Patients can access care through both in-person visits and telehealth consultations,

enhancing convenience and continuity of care.

Patient Education and Support

Education is a fundamental component of the patient experience. The team provides comprehensive resources about health conditions, treatment options, and preventive care strategies. Support services include counseling and referrals to community resources when needed.

Insurance and Accessibility

Franciscan Women's Health Associates Burien accepts a wide range of insurance plans to ensure access to quality care for as many women as possible. The billing department works closely with patients to clarify coverage details and assist with financial concerns.

Accepted Insurance Plans

The practice accepts major commercial insurers, Medicaid, and Medicare, facilitating comprehensive coverage for routine and specialized women's health services. Patients are encouraged to verify their insurance benefits prior to appointments.

Financial Assistance Programs

For patients without insurance or facing financial hardship, Franciscan Women's Health Associates Burien offers assistance programs and payment plans. These initiatives help reduce barriers to receiving essential healthcare services.

Community Engagement and Education

Beyond clinical services, Franciscan Women's Health Associates Burien is actively involved in community outreach and education to promote women's health awareness. The practice participates in local health fairs, workshops, and support groups.

Health Workshops and Seminars

Regularly scheduled educational events cover topics such as pregnancy wellness, menopause management, and preventive care strategies. These workshops empower women with knowledge to maintain optimal health.

Partnerships and Outreach

The practice collaborates with community organizations, schools, and public health agencies to

extend its impact and support broader initiatives focused on women's health and well-being.
