About Icon Restoration & Construction LLC

Icon Restoration & Construction LLC is a full-service company specializing in restoration and construction solutions. Established with a mission to deliver superior craftsmanship and reliable service, the company serves a broad client base including homeowners, property managers, and business owners. Their team of skilled professionals combines years of industry experience with the latest construction technologies to deliver projects on time and within budget. The company's emphasis on customer communication and transparency ensures that every project meets or exceeds client expectations. Icon Restoration & Construction LLC is licensed, insured, and committed to maintaining high ethical standards in all aspects of their work.

Comprehensive Restoration Services

Restoration is a core component of Icon Restoration & Construction LLC's service offerings. The company provides a wide range of restoration solutions aimed at repairing and preserving structures affected by damage or deterioration. These services include water damage restoration, fire damage repair, mold remediation, and storm damage recovery. Their restoration experts utilize advanced equipment and techniques to assess the extent of damage and implement effective remediation strategies. Timely restoration minimizes further property damage and restores safety and functionality to affected spaces.

Water Damage Restoration

Water damage can severely compromise a property's structural integrity if not addressed promptly. Icon Restoration & Construction LLC offers thorough water extraction, drying, and dehumidification services to prevent mold growth and structural weakening. Their team also handles necessary repairs such as drywall replacement, flooring restoration, and plumbing fixes to return the property to its pre-loss condition.

Fire and Smoke Damage Repair

Fire damage restoration involves cleaning, deodorizing, and repairing affected areas. Icon Restoration & Construction LLC's technicians remove smoke residues, treat structural components, and restore electrical and HVAC systems as needed. The company works closely with insurance providers to streamline the claims process for clients.

Mold Remediation

Mold growth poses health risks and property damage concerns. The company conducts thorough mold inspections and employs containment and removal procedures to eliminate mold colonies. Post-remediation, they implement preventive measures to reduce the likelihood of future mold issues.

Storm Damage Recovery

From wind damage to flooding, storm-related incidents require expert restoration to mitigate loss. Icon Restoration & Construction LLC offers emergency board-up services, debris removal, and structural repairs to secure and restore properties affected by severe weather.

Construction Expertise and Capabilities

In addition to restoration, Icon Restoration & Construction LLC excels in new construction and remodeling projects. Their construction division handles residential homes,

commercial buildings, and tenant improvements. The company's skilled craftsmen work with a variety of materials and architectural styles to deliver customized solutions tailored to client needs.

New Construction

The company manages all phases of new construction, from initial design collaboration to final inspection. Their capabilities include foundation work, framing, roofing, electrical and plumbing installation, and interior finishing. Icon Restoration & Construction LLC ensures that each new build complies with local building codes and quality standards.

Remodeling and Renovation

Whether upgrading kitchens, bathrooms, or entire living spaces, the company provides comprehensive remodeling services. Renovations are executed with precision to enhance aesthetics, functionality, and property value. Their approach integrates client input with professional design recommendations to achieve optimal results.

Commercial Construction

Icon Restoration & Construction LLC supports commercial clients with office build-outs, retail space construction, and industrial facility projects. The company understands the complexities of commercial construction, including scheduling constraints and compliance requirements, ensuring minimal disruption to business operations.

Project Management and Quality Assurance

Effective project management is integral to the success of restoration and construction initiatives. Icon Restoration & Construction LLC employs experienced project managers who oversee scheduling, budgeting, and coordination among subcontractors and suppliers. This structured approach facilitates timely project completion and cost control.

Quality Control Procedures

The company implements rigorous quality control checks at every stage of construction and restoration. Inspections and testing ensure that workmanship meets industry standards and client specifications. Attention to detail in materials selection and installation contributes to the durability and aesthetic appeal of completed projects.

Client Communication

Maintaining open communication channels with clients is a priority for Icon Restoration & Construction LLC. Regular updates on project progress, challenges, and milestones help

foster transparency and trust. This client-focused approach ensures that expectations are aligned throughout the project lifecycle.

Safety and Compliance Standards

Safety is a paramount concern in restoration and construction work. Icon Restoration & Construction LLC adheres to stringent safety protocols to protect workers, clients, and property. The company complies with Occupational Safety and Health Administration (OSHA) regulations and industry best practices.

Worksite Safety Measures

The company enforces safety training programs, personal protective equipment (PPE) usage, and hazard assessments to mitigate risks on job sites. Regular safety audits and incident reporting further enhance workplace safety.

Regulatory Compliance

Icon Restoration & Construction LLC ensures that all projects meet applicable building codes, zoning laws, and environmental regulations. Proper permitting and inspections are secured prior to project commencement to avoid legal and operational issues.

Sustainable and Green Building Practices

In response to growing environmental concerns, Icon Restoration & Construction LLC integrates sustainable practices into their construction and restoration processes. The company prioritizes energy efficiency, waste reduction, and the use of eco-friendly materials whenever possible.

Energy-Efficient Building Solutions

By incorporating energy-efficient windows, insulation, HVAC systems, and lighting, the company helps clients reduce utility costs and environmental impact. These green building strategies contribute to healthier indoor environments and long-term savings.

Waste Management and Recycling

Construction and restoration projects generate significant waste. Icon Restoration & Construction LLC implements waste management plans that emphasize recycling and responsible disposal. This approach minimizes landfill contributions and promotes resource conservation.

Client Benefits and Service Areas

Clients of Icon Restoration & Construction LLC benefit from the company's comprehensive expertise, reliable service delivery, and commitment to quality. The company offers flexible scheduling, competitive pricing, and tailored solutions to accommodate unique project requirements.

Service Areas

Icon Restoration & Construction LLC serves a wide geographic area, including urban and suburban communities. Their responsiveness and local knowledge enable efficient project execution and high client satisfaction.

Customer Support and Warranty

The company provides ongoing customer support throughout and after project completion. Warranty programs cover workmanship and materials, giving clients confidence in their investment.

1. Experienced and licensed professionals
2. Comprehensive restoration and construction services
3. Strict adherence to safety and regulatory standards
4. Commitment to sustainable building practices
5. Strong client communication and project management
