## Overview of Idaho Falls Downtown Development Corporation

The Idaho Falls Downtown Development Corporation (IFDDC) is a nonprofit organization committed to the revitalization and sustainable development of downtown Idaho Falls. Established to serve as a catalyst for economic growth, the corporation collaborates with local businesses, government agencies, and community members to enhance the downtown area. Its mission encompasses the promotion of a thriving business environment, the improvement of public infrastructure, and the preservation of the historical and cultural identity of the city center. The corporation operates through strategic planning, fundraising, and project management to achieve its objectives. By focusing on downtown Idaho Falls, the IFDDC aims to create a dynamic urban core that attracts residents, visitors, and investors alike.

## **Mission and Vision**

The mission of the Idaho Falls Downtown Development Corporation is to promote economic vitality and a sense of community in the downtown district. The vision centers on transforming the area into a vibrant destination that offers diverse commercial, residential, and cultural experiences. The corporation values sustainability, inclusivity, and collaboration as core principles guiding its work.

## **Organizational Structure**

The IFDDC operates with a board of directors comprising local business leaders, elected officials, and community stakeholders. This governance structure ensures that decisions reflect a broad spectrum of interests and expertise. The corporation employs professional staff responsible for day-to-day operations, project implementation, and stakeholder engagement.

## **Key Initiatives and Projects**

The Idaho Falls Downtown Development Corporation spearheads numerous initiatives aimed at improving infrastructure, enhancing public spaces, and supporting local businesses. These projects are designed to address both immediate needs and long-term goals for downtown Idaho Falls.

## **Streetscape and Infrastructure Improvements**

One of the primary focuses of the IFDDC is the enhancement of streetscapes to make downtown more pedestrian-friendly and aesthetically appealing. Improvements include upgraded lighting, sidewalk repairs, landscaping, and the installation of public art. These changes promote safety and create a welcoming environment for shoppers and visitors.

## **Business Development Programs**

The corporation offers resources and support to existing and prospective businesses in downtown Idaho Falls. Programs include small business grants, marketing assistance, and networking opportunities. These efforts help stimulate commercial growth and diversify the local economy.

## **Historic Preservation Efforts**

Preserving the historic character of downtown Idaho Falls is a key priority for the IFDDC. The corporation collaborates with preservationists and property owners to restore and maintain landmark buildings. This not only

honors the city's heritage but also attracts tourism and investment.

## **Economic Impact and Business Growth**

The Idaho Falls Downtown Development Corporation has significantly influenced the economic landscape of the city center by fostering an environment conducive to business success and investment.

## **Attracting New Investments**

Through active promotion and development incentives, the IFDDC has attracted new businesses and investors to downtown Idaho Falls. These efforts have led to increased commercial occupancy rates and diversified business sectors, including retail, dining, and professional services.

## **Supporting Local Entrepreneurs**

Local entrepreneurs benefit from the corporation's mentoring programs and financial assistance initiatives. By nurturing startups and small enterprises, the IFDDC contributes to job creation and economic resilience within the downtown district.

## **Increasing Property Values**

Revitalization projects and business growth have contributed to rising property values in downtown Idaho Falls. This trend reflects increased demand for commercial and residential spaces, signaling a healthy and expanding urban core.

## **Community Engagement and Cultural Development**

Beyond economic objectives, the Idaho Falls Downtown Development Corporation emphasizes the importance of community involvement and cultural enrichment in downtown revitalization efforts.

## **Public Events and Festivals**

The IFDDC organizes and supports a variety of public events that celebrate local culture and foster community spirit. These include seasonal festivals, art walks, and farmers markets, which draw residents and visitors downtown and stimulate economic activity.

## **Partnerships with Arts and Cultural Organizations**

Collaboration with arts groups and cultural institutions helps integrate creative programming into downtown spaces. This approach enhances the downtown experience and promotes Idaho Falls as a cultural destination.

## **Community Feedback and Participation**

The corporation actively seeks input from residents and stakeholders through surveys, public meetings, and advisory committees. This participatory process ensures that development initiatives align with community needs and values.

## **Future Plans and Development Strategies**

The Idaho Falls Downtown Development Corporation continues to plan strategically for the future to sustain momentum in downtown growth and improvement.

## **Smart Growth and Sustainability**

Future development strategies emphasize smart growth principles that balance economic development with environmental sustainability. Plans include promoting mixed-use developments, enhancing public transportation options, and implementing green infrastructure.

## **Expanding Housing Options**

Addressing the demand for downtown living, the IFDDC supports projects that increase the availability of affordable and market-rate housing. This initiative aims to create a diverse residential population and a lively urban neighborhood.

## **Enhancing Connectivity and Accessibility**

Improving connectivity within downtown Idaho Falls and between adjacent neighborhoods is a key focus. Proposed projects include better pedestrian pathways, bike lanes, and transit services to facilitate easy and safe movement throughout the area.

- Commitment to ongoing public-private partnerships
- Leveraging technology for urban development

- Continuous community engagement and transparent communication
