This test serves as a preparatory tool for the official written examination administered by the Illinois DMV. It typically contains multiple-choice questions that cover a wide range of topics relevant to motorcycle riders.

Test Format and Content

The practice test mimics the actual written test format, which generally includes 25 multiple-choice questions. These questions assess knowledge in areas such as road signs, safe riding practices, Illinois traffic laws, and motorcycle-specific rules. A passing score of 80% or higher is usually required on the official exam.
