The exam typically involves multiple-choice questions that evaluate a candidate's knowledge and aptitude. Understanding the structure and marking scheme is crucial for efficient preparation.

Exam Stages and Duration

Most post office exams consist of a single written test divided into multiple sections. The test duration may vary depending on the specific role but generally lasts between 1 to 2 hours. Candidates are required to answer questions within this fixed time frame, making time management an essential skill.

Marking Scheme and Negative Marking

Each correct answer typically awards one mark, while some exams implement negative marking for incorrect responses to discourage guessing. The negative marking, if any, is
