The practical exam tests hands-on abilities such as hair cutting, styling, chemical treatments, and client consultation techniques.

Structure of the Exam

The written exam usually comprises multiple-choice questions designed to assess a candidate's understanding of essential cosmetology concepts. The practical exam requires performing specific services under timed conditions, demonstrating proficiency and adherence to health and safety standards. Since requirements can vary by state, it is important to check the specific guidelines of the state board where the exam will be taken.
